## COURSE SYLLABUS

**Course Title :** 경험주의 학습법을 도입한 상담기초 대화법

**Class Level :** 석, 박사과정

**Unit:** 2

**Hours:** 7 weeks (1 ½ hour per session)

### Course Descripton:

This course provides the students the Biblical Truth about communication with experiential learning method. Students have time to see how people communicate with each other and what kind of patterns they have when speaking. This course also will let the students realize the effect of the fear and shame on people's behaviors and communication and the God's answers for them. The students have time to practice the basic skills in biblical communication and counseling such as empathy, questioning, respecting, immediacy and self –disclosure.

### Goal of Study:

1. To understand the difference between traditional way of teaching and the experiential learning method.
2. To understand how to develop the pattern of conversation
3. To understand effect of fear and shame on the pattern of communication
4. To understand the basic communication of counseling

### Teaching Method:

Lecture, Group Discussion, experiential games,

### Grading:

Attendance 30%, Discussion 20%, participation 20%, Presentation(reports or final test)30%
